HEALTH AND SAFETY POLICY

OHSAS 18001

To improve people’s lives, the planet, and our company’s performance by transforming renewable resources into products people depend on every day.

International Paper’s Mission

At International Paper – Kwidzyn safety is the highest value. Manufacturing processes are carried out in accordance with the applicable Polish health and safety regulations. In addition, procedures and recommendations of the Corporate Health and Safety Center of Excellence have been introduced.

All employees, contractors, suppliers and visitors are required to observe the IP-Kwidzyn health and safety rules and regulations.

At International Paper-Kwidzyn our continuous effort is to:
• raise employee awareness of the value of safety,
• improve safety through effective risk identification processes,
• eliminate or minimize workplace nuisance,
• respond to near-misses,
• improve health and safety at work,
• improve employee qualifications,
• improve employee safety awareness,
• prevent accidents at work and occupational diseases.

Anyone who performs work on IP-Kwidzyn site is required to observe the following rules:
• work responsibly and take appropriate measures to protect yourself and others from accidents,
• recognize wrong behaviors and respond appropriately,
• observe health and safety regulations, use the required protective clothing and personal protection equipment, participate in required trainings,
• everyone has the right and obligation to participate in hazard assessments, propose safety improvement initiatives and implement the health and safety policy.

International Paper-Kwidzyn provides adequate resources and funds for the implementation of the adopted Health and Safety Policy and executes projects to ensure safety at work.

Kwidzyn, 30.03.2017

Vice-Chairman of the Board of
International Paper-Kwidzyn
Aneta Muskała
