

SPACEKRAFT MULTI-TRIP BIN

IDEAL FOR CLOSED LOOP SITUATIONS, THIS 10-PLY CORRUGATED BIN OFFERS UP TO 75,000 POUNDS OF COMPRESSION STRENGTH AND IS DELIVERED WITH A REUSABLE PLASTIC LID AND PALLET.

- Outdoor storage.
- Reusable and recyclable.
- Resists insect infestation.
- Eliminates splinters.
- Easy setup and knockdown for return.
- Durable for rail freight.
- Excellent flex crack resistance.
- Holds 300 gallons or up to 5,000 pounds of liquid, depending upon stacking height.
- Can be stacked five high.
- No metal surfaces to rust.
- No repair costs.
- Fits most existing systems.
- Lids and pallets nest for storage.

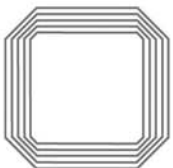

SpaceKraft IBCs stack up to five high; and the **reusable plastic cap** nests with the plastic pallet for efficient use of storage space.

Sets up for filling in less than one minute via a corrugated cassette that houses the film bag. Available in FDA, USDA or Kosher food grade liners, as well as coextruded liners for specific barrier needs, including aseptic.
