Color File Folder

Color through and through!

International Paper is one of the few companies that manufacture high quality Color File Folder stock. Unlike surface tinted products, our Color File Folder is pulp dyed, meaning each fiber is colored through and through. Our pulp dyed process means no white edges or visible cracks no matter how many times it is handled or what angle it is viewed, making for a cleaner look and longer product life. With one of the broadest color selections in the marketplace, you and your customers are bound to find the perfect color choice for any application.

Grade Code	Product Description	PCW (%)	Basis Wt. (Lbs) (24" x 36")	Caliper (Mil)	Sheffield Smoothness	Stiffness MD/CD
High Yield Colored File Folder						
2904	High Yield Colored File Folder	10	118	10.8	275	50/25
2904	High Yield Colored File Folder	10	124	11.0	250	60/24
Heavy Weight Colored File Folder						
0903	Heavy Weight Colored File Folder	10	143	11.0	140	65/28
2259	Heavy Weight Colored File Folder	10	185	14.6	150	135/65
WaterShed® Cutless® Colors						
2561	WaterShed® Cutless® Colors	30	115	12.5	320	55/22

Features

- Excellent strength and stiffness
- Contains 10% post-consumer recycled fiber
- Pulp dyed manufacturing process
- Extensive color selection
- Acid-free for archival quality
- SFI® certified
- 100% recyclable

Benefits

- Exceptional properties for die-cutting, scoring, folding and embossing
- Acid-free/archival papers stored within remain stable for 50+ years
- Color permeates throughout the sheet for better file visibility
- Colors available to match custom shelf filing systems
- SFI CoC guarantees that fiber is procured from certified and responsibly-managed forests
