# Bristols

## Printing Bristols

### Features

- Good strength durability and stiffness
- Smooth, hard surface
- 92 bright, blue-white shade
- Suitable for offset, flexography and inkjet applications
- Grades 0937 and 0931 are laser guaranteed\*
- Some grades contain post-consumer recycled fiber
- Acid-free for archival quality
- SFI® certified
- 100% recyclable

### Benefits

- Good for die-cutting, scoring and folding
- Good ink holdout, snap and resistance
- Attractive blue-white shade for good image contrast
- 110 lb. Index White meets US Postal regulations for 9 pt. reply cards
- Acid-free/archival papers stored within remain stable for 50+ years
- SFI® chain of custody guarantees that fiber is procured from certified and responsibly managed forests

### End Uses

- Direct Mail
- Dividers
- Menus
- Displays
- Folders
- Brochure covers
- Index systems
- Case records
- Ruled forms
