

QUALITY AND ENVIRONMENTAL POLICY

PN-EN ISO 9001 • PN-EN ISO 14001

The key to our success comes from aligned, dedicated, highly motivated people delivering superior value to customers through operational excellence.

Vision of IP - Kwidzyn sp. z o.o.

International Paper – Kwidzyn sp. z o.o. is an integrated pulp and paper mill manufacturing elemental chlorine free (ECF) pulps, white papers (offset, copy and writing grades), newsprint and coated boards.

The production is run in the efficient way; in our operations we comply with the applicable state laws and environmental permits.

The strategy and the primary quality and environmental goals have been set in the International Paper Agenda. As an International Paper company, we fulfill these goals by:

- Using state-of-the-art technologies and latest technical solutions in our organization;
- Continuous monitoring of the production process and its effect on product quality and the environment;
- Undertaking activities for constant improvement of products quality, processes efficiency improvement and better satisfaction our customers' needs and expectations;
- Enabling our employees to continuously improve their skills;
- Partnership cooperation with suppliers and contractors rendering services on the premises of IP-Kwidzyn sp. z o.o.

One of our basic business goals is to constantly rectify our environmental achievements, so as to reduce the emissions of pollutants to water and air and minimize the volume of waste we generate.

Implementation of this policy is delegated to all International Paper – Kwidzyn Sp. z o.o. employees.

Kwidzyn 08.08.2008 r.
