

Bake-In-Trays

TAKE AND BAKE! This tray is perfect for customers looking for single use bake-in packaging

ClimaShield® Bakery is applied in Shreveport so that it can be corrugated in any box plant.

- Recommended baking applications: brownies, cookies, cakes
- FDA compliant for direct food contact
- Excellent release properties for a wide variety of bakery products
- Provides single-use option for baking applications
- Eliminates need for wax paper to release most bakery items from the tray
- Not for microwave applications
