What is it?

IP NAC is unboxing a new website for our customers that will give them the ability to enter orders, check order status, and view inventory levels from their computer or mobile device, any time, any place. With IPGoBox, we are always open for business!

If you have customers asking...

Orders:

- What are my open orders and status?
- Did my order ship? If so, when?
- What is the BOL # and trailer # for the shipped order?
- What is the invoice # on my order?

Inventory:

- What items do we have in inventory?
- How many days of inventory do we have on hand?
- When is my next replenishment order due?
- Can I get an updated inventory report?

Catalog:

- I don't have EDI, but I would like to place orders with IP on-line
- I want to see all my item specs and prices on-line
- I want to be able to place an order any time of day
- I want to see the standard unit count by item

...Then IPGoBox is for you!
